Munich Network for Health Care Research – MobilE-Net

The Network’s aim is to sustainably support the local network of actors working in health care.

By conducting a number of research projects, the network has the objective to investigate and ultimately to improve mobility and social participation of persons with chronic health conditions.

The Spring School classes are given by a series of experts in the field of health care research:

Dr. Karin Berger
Julia Frank-Tewaag, M.Sc.
Prof. Dr. Eva Grill
Dr. Daniela Koller

Prof. Dr. Reiner Leidl
Prof. Dr. Martin Müller
Anna Novelli, M.A Dott.ssa Mag.

**Requirements & Fees**

You can sign up for the Spring School if you are a health professional with at least Bachelor degree or enrolled in a Master or PhD program with a clear health focus (public health, epidemiology, etc.). Additionally, we are happy to include students of Bachelor programs of allied health professions (e.g. nursing, physiotherapy, occupational therapy), if you already finished a health-related job training. Students of the LMU Munich, Technical University of Applied Sciences (Rosenheim) or the University of Applied Sciences (KSH) may have the option to join for free.

Enrolment fee:
- **Academic:** 150 Euro
- **Other professional:** 300 Euro

**Credits**

For finishing the Spring School and passing an exam, the LMU grants 3 ECTS to their students. Students of other institutions will get a certificate. Please check with your home institution if the Spring School can be validated.

The Spring School Health Care Research is supported and sponsored by the German Association for Medical Informatics, Biometry and Epidemiology (GMDS) and the German Society for Epidemiology (DGEpi)

**Please apply by February 14th, 2020!**
