

Call for Papers – dHealth 2022

16th Annual Conference on
Health Informatics meets Digital Health

24.-25. May 2022, Vienna, Austria

Conference mission and topic

Since 2007, the dHealth conference is organized by the Austrian Working Group of Health Informatics and eHealth. Each year, this event attracts around 300 participants from academia, industry, government and health care organisations.

In keeping with its interdisciplinary mission, the dHealth conference series provides a platform for researchers, practitioners, decision makers and vendors to discuss innovative health informatics and eHealth solutions to improve the quality and efficiency of healthcare by digital technologies.

For 2022, we hope to welcome you back in person in Vienna for our 16th Annual Conference on Health Informatics meets Digital Health.
