

Call for Papers – dHealth 2023

17th Annual Conference on
Health Informatics meets Digital Health

16.-17. May 2023, Vienna, Austria

Conference mission and topic

Since 2007, the dHealth conference is organized by AIT, ÖGBMT, OCG and UMIT. Each year, this event attracts around 300 participants from academia, industry, government, and health care organisations.

In keeping with its interdisciplinary mission, the dHealth conference series provides a platform for researchers, practitioners, decision makers and vendors to discuss innovative health informatics and eHealth solutions to improve the quality and efficiency of healthcare by digital technologies.

We are hoping to welcome you in Vienna for our 17th Annual Conference on Health Informatics meets Digital Health.

Paper submission

Prospective authors are invited to submit original papers (not being considered for publication elsewhere) in standard IOS press format in English with one of the following options:

- Full paper (maximum 6 pages)
- Short paper (maximum 2 pages)

Submissions will undergo an international peer review. <https://www.dhealth.at/dhealth-2023-author-infos/>

Conference proceedings

All accepted papers (both full and short papers) will be published “open access” by IOS Press in the Studies in Health Technology and Informatics series. Full papers will be submitted for indexing in PubMed and Web of Science, among others.

Student contests and awards

Three awards will be issued during the dHealth 2023: 1) best PhD student paper, 2) best master student paper and 3) best poster. The best PhD and master student papers will each be awarded with € 500. The best poster winner will be given free access to next year’s conference.
