

The Division of *Biostatistics* is seeking as soon as possible a

(Bio-)Statistician

(Ref.-No. 2020-0196)

The German Cancer Research Center is committed to increase the percentage of female scientists and encourages female applicants to apply.

Among candidates of equal aptitude and qualifications, a person with disabilities will be given preference.

To apply for a position please use our online application portal (<https://www.dkfz.de/en/stellenangebote/index.php>).

We ask for your understanding that we cannot return application documents that are sent to us by post (Deutsches Krebsforschungszentrum, Personalabteilung, Im Neuenheimer Feld 280, 69120 Heidelberg) and that we do not accept applications submitted via email. We apologize for any inconvenience this may cause.

Job description:

- Provide biostatistical consulting and support for groups at the DKFZ in all phases of their projects in cancer research, from the design of studies to data analysis and interpretation and publication of results, with a focus on clinical trials
- Provide support for the division's quality management system for clinical trials, including maintenance of and training in the division's standard operating procedures
- Provide support for the division's computer cluster and technical infrastructure
- Develop and apply novel biostatistical methods and analysis strategies

Your profile:

- Master/Diploma/PhD in (bio-)statistics, mathematics or a related discipline
- Knowledge within the field of statistics
- Solid statistical programming skills, preferably with R
- Very good written and oral communication skills in English
- Strong interest in interdisciplinary research

Contract period:

The position is limited to 2 years with the possibility of prolongation.
The position can in principle be part-time.

Contact:

Prof. Dr. Annette Kopp-Schneider, phone +49 (0)6221/42-2391

Please note that we do not accept applications submitted via email.

Application deadline:

11.09.2020
