The German Cancer Research Center (DKFZ) is seeking for the **NCT Trial Center** a

**Biostatistician for Clinical Trials**

*(Kennziffer 2022-0061)*

The National Center of Tumor Diseases (NCT) Heidelberg is a joint institution of the German Cancer Research Center, the Heidelberg University Hospital and the German Cancer Aid. The NCT with sites in Heidelberg and Dresden is the leading oncological center in Germany and shall be expanded to an international center of excellence regarding point-of-care and individualised cancer medicine.

**Job description:**

We are looking for a candidate for a two-year position with the DKFZ who will:

- join an innovative and dedicated team of statisticians engaged in collaborative clinical trials at the NCT Heidelberg and DKFZ.
- be part of two competent and friendly teams - one at the NCT Trial Center and one at the DKFZ, Division of Biostatistics, both situated in the northern part of beautiful Heidelberg, where we offer our services to a variety of interesting clients.
- contribute to the advancement of cancer research, cooperating with excellent clinical investigators to develop novel oncological treatment strategies.
- have the freedom to develop inventive biostatistical approaches emerging from real-life clinical studies in cooperation with fellow statisticians, clinical trial project and data managers as well as clinicians.

**Your duties:**

- Biostatistical support for clinical trials mainly phase I and II, involving all biometric duties in this context, including design of trials and study protocol, data analysis and reporting of results
- Development and application of novel design and analysis strategies specifically for precision oncology

**Your profile:**

- Master/PhD in (bio-)statistics, mathematics or a related discipline
- Solid background in statistical methodology
- Experience with the analysis of clinical data is an advantage
- Sound statistical programming skills, preferably with R and SAS
- Excellent written and oral communication skills in English and German
- Strong interest in interdisciplinary research

---

The DKFZ is committed to increase the proportion of women in all areas and positions in which women are underrepresented. Qualified female applicants are therefore particularly encouraged to apply.

Among candidates of equal aptitude and qualifications, a person with disabilities will be given preference.

To apply for a position please use our online application portal (https://www.dkfz.de/de/stellenangebote/index.php).

We ask for your understanding that we cannot return application documents that are sent to us by post (Deutsches Krebsforschungszentrum, Personalabteilung, Im Neuenheimer Feld 280, 69120 Heidelberg) and that we do not accept applications submitted via email. We apologize for any inconvenience this may cause.
